

PUBLIC OPEN HOUSE

CREATE PROJECT P3/GS19 UPDATES

Thursday, September 14, 2023

6:00 – 8:00 PM

**Freedom Temple Church of God in Christ
1459 W. 74th St. • Chicago, IL 60636**

The Forest Hill Flyover (CREATE Project P3) will construct a bridge that significantly reduces conflicts between The Belt Railway Company of Chicago, CSX, Norfolk Southern and Metra. This rail-rail flyover at 75th Street will eliminate conflict between 30 SouthWest Service Metra trains and 35 freight trains operating daily on the Western Avenue Corridor. The 71st Street Grade Separation (CREATE Project GS19) will construct a road-rail grade separation of 71st Street and the CSX freight line. This project will reduce neighborhood traffic delay and improve safety.

Learn more about these projects at this open house event.
